## CHRONOLOGICAL

## Nov. 21 In History.

1795—Sir John Hawkins, English naval officer, who served with distinction against the Spanish armada and was associated with Sir Francis Drake in American expeditions, died, born about 1580.

1836—James Hogg, the "Ettrick Shepherd," died, born 1762.

1836—Charles Francis Adams, English naval officer, United States minister to England during the civil war, died in Boston; born there in 1807. The career of Mr. Adams in the place which his father and grandfather had filled before him is often cited among the foremost triumphs of American diplomacy. Lincoln appointed him minister to England in 1861, and he remained until 1868. The governing classes and political society were either hostile to the American republic or grossly indifferent, and even educated public men failed to understand the merits of the struggle. In the settlement of difficult and embarrassing questions, like the Trent case and the Confederate cruisers, the American minister pursued his ends with unflinching firmness and perfect self-control. Free from intrigue, his demeanor was always dignified and at times defiant.

1858—The American peace commissioners announced that the United States would demand a treaty of cessation of the entire Philippine archipelago upon payment to Spain of \$50,000,000.

1870—Garret A. Hobart, vice president of the United States, died at Paterson, N. J.; born 1844.

## IN SOCIETY

## BRIEF MENTION.

Mrs. John Hunt has gone to St. Louis to visit the fair.

Mrs. Blanche Hogan of Mound City is the guest of Mrs. C. Fred Gallagher.

Mrs. C. Mulqueen of Charleston, Mo., spent yesterday in Cairo with friends.

Miss Rose Buckles, the school teacher at Villa Ridge, was in Cairo yesterday.

Mr. J. A. Karraker and mother, Mrs. Karraker of Douglas, were in Cairo yesterday.

Mr. and Mrs. H. H. Halliday and daughter went to St. Louis yesterday to visit the World's fair.

Mr. and Mrs. Smith Torrence left for St. Louis last night, where they will visit the World's fair.

Mr. and Mrs. W. H. Sutherland and daughter, Miss Edith, returned yesterday from a visit to the World's fair.

Judge and Mrs. A. Comings returned yesterday from Springfield, where they attended a state meeting of Old Fellows and Rebekahs.

Mr. and Mrs. Roy Adams who formerly lived in Mound City and moved from there to St. Louis, have returned to Mound City to reside.

Miss Hazel Johns, who has been ill at her home, 3214 Sycamore street, and who was thought to be recovering, has suffered a relapse and is much worse.

Mrs. Anna Pell and son, Samuel, returned yesterday from Lewisport and Owensboro, Ky. They went to the former place on the sad mission of burying Miss Anna Vaughn Pell.

Mrs. Annie Vincent returned yesterday from Springfield, where she attended the state meeting of Rebekahs as a delegate from Alton lodge, this city. She was joined on the return trip by her sister, Miss Millie Klein, who has been visiting the World's fair.

Miss Beadie Wilson, who attended a state meeting of Rebekahs at Springfield as a delegate from Parthenia lodge, has returned home. Others who attended the meeting and who have returned are Mrs. Lizette Watkins, Mrs. Charles F. Arter and Mrs. Isaac Walder.

## WORK WILL BEGIN IN A FEW WEEKS

IN PADUCAH-CAIRO ROAD—WILL OPERATE A TRANSFER BOAT BETWEEN EAST CAIRO AND CAIRO.

Paducah, Ky., Nov. 20.—Options are being secured for the electric railway between here and Cairo, Ill. Work is expected to be started in a few weeks. The line is so popular that in many instances farmers are giving the company right of way. The distance from here to East Cairo is about thirty-five miles and the estimated cost of the road is \$800,000. The stockholders are local and eastern capitalists. Arrangements have been made for the money, and within a year's time the road will be in operation. It will carry freight as well as passengers, an arrangement having already been made with boats entering Cairo. The company will operate a transfer boat between East Cairo and Cairo.

## PADUCAH LIKES CAIRO CAIRO LIKES PADUCAH

KENTUCKY COLONELS MAKE LOVE TO THE QUEEN CITY OF EGYPT—AFFECTION IS RECIPROCATED.

The Paducah Sun of Saturday says: "Cairo landed the convention for next year, and Paducah helped her do it. It was a jolly crowd that reached here today, and the Cairo delegates seem to appreciate the influence of Paducah. We like Cairo, and Cairo likes us. During the baseball season this may be different, but this is not the baseball season. Shure, Moike!"

## Year of Ocean Disasters.

The worst year on record for tragedies of the deep was 1881-82, when the list of "missing" was swollen by the enormous addition of one hundred and forty-seven ships, with an aggregate tonnage of 41,977 tons; and the loss of life was terrible.

## PURELY PERSONAL

Mr. Thomas McFarland went to St. Louis yesterday on business.

Mr. Voorhees Courbais is home after a business trip up the Big Four.

Mr. John T. Rennie returned yesterday from a business trip to Mound City.

Messrs. John Wickliffe and Zachariah Bugg of Wickliffe, Ky., were in Cairo yesterday.

Mr. C. G. Miller, commercial freight agent for the Iron Mountain, has returned from a business trip to Cairo.

Mr. H. J. Daggott of Beech Ridge, arrived yesterday on "Billy" Bryan's train and spent the afternoon in Cairo.

Mr. Frank Handley of Mound City, formerly of the firm of Harvey & Handley of this city, was in Cairo yesterday.

Mr. Lewis of Chicago, who has been visiting his brother-in-law, Mr. J. W. Wenger and family, returned home last night.

Mr. Richard Jones left for Galesburg, Ill., yesterday, where he will attend a meeting of bartenders' union, being a member of the executive board.

Mr. and Mrs. James Carroll and nephew, Master Weston Carroll who have been guests of the former's father, Mr. James Carroll and family of Twenty-eighth street, leave today for their home in Buffalo, N. Y.

## FIRES RAGING IN VICINITY OF CAIRO

SURROUNDING COUNTRY IS ABLAZE IN SOME SECTIONS—SMOKE IS TROUBLESOME ON RIVER—RAIN NEEDED BADLY.

Forest fires are said to be raging in the territory around Cairo and one river man who came in yesterday said the smoke from these fires was terrible on the river south of here and that it was difficult in places to see more than a few yards ahead at the most. Fires are also reported in both Kentucky and Missouri. The smoke from these fires is very annoying and causing the eyes to burn and tears to flow when there is no intention whatever of crying. This smoke was very noticeable in Cairo Friday and was augmented by the burning of leaves on the streets which has been in progress several days and has been a source of much enjoyment to the small boy. Much damage is being done in some sections by the fires, crops in the field being destroyed as well as miles of fence. Unless a general rain visits this section of the country at an early date the destruction by fire may assume great proportions.

## PASSENGER TRAINS WILL BE REMOVED

TWO ILLINOIS CENTRAL PASSENGER TRAINS WILL BE TAKEN OFF SUNDAY AND TWO M. AND O. TRAINS DEC. 1.

It is reported that four passenger trains now running through Cairo will be removed in a short time. Two of these are Illinois Central trains and two are Mobile and Ohio.

The Illinois Central trains are No. 8 and No. 25. The former train is made up at Fulton and arrives in Cairo at 9 o'clock at night. It is a fast train to Chicago. It is stated that this train will now be made up in Cairo instead of Fulton as heretofore. Train No. 25 leaves Cairo in the morning and runs to Martin, Tenn. These trains will be removed next Sunday and the men who have been running on them will go back to the positions held by them before the trains were put in service. Among these are Conductor Maline Hill who has moved his family to Cairo and Engineer Lee Chandler who has been stopping in Cairo for some time. It is understood that both these men will make their headquarters at Jackson, Tenn. In the future and that they will now have freight runs instead of passenger.

Other trains to be removed are No. 5 and No. 6 Mobile and Ohio passenger trains. No. 5, south-bound, arrives in Cairo at 12:40 in the morning and No. 6, north-bound, arrives at 12:10 in the afternoon. Both were put on for World's fair business and will be removed Dec. 1.

When Silence is Golden. It is a blessing for the happy home that husband and wife do not at ways know exactly what each thinks of the other.

## SPECTACLES

Solid Gold, Gold Filled, Nickel Plated and Aluminum frames. Strictly first-class lenses.

805 WASHINGTON AVENUE.

## GENERAL LOCAL NEWS

The ladies' auxiliary of the Knights of Father Matthew, will give a euchre party in St. Patrick's church hall Tuesday evening, Nov. 22. All are cordially invited.

Hunting by night is a new diversion that is being tried with success by the river boats. In the hunting the electric searchlight plays an important part. A man is stationed in the bow of the boat to listen for the call of the birds as they float on the water. When he hears them the searchlight is turned on and the birds, attracted by it, rise from the water and fly directly toward it. Contact with the boat or any part of the boat either stuns or kills the ducks, which are gathered in by men on the lower deck at the bow.

The Thresh bridge will soon gain a reputation akin to that of Port Arthur if the death rate increases much. The fall of the man last week, resulting in the loss of his life, makes the twentieth man to meet death on the new bridge. This makes fourteen iron workers and six carpenters who have lost their lives on this work. All of the laborers have signed away the privilege of damages against the construction company in case of death. All of the piers of the bridge are completed and all of the iron work on the east side of the river. The bridge will be completed about May 1, 1905.

Civil Engineer George Dewey leaves today for Jonesboro, Ill., where he will join John H. Sharp, county surveyor of Johnson county, and J. S. Perrine, county surveyor of Williamson county, and the three will constitute a board of survey to determine the line between two places of property. A fine silica mine is being worked by Grieb and Drexler in Union county and a man named Fullenweider claims it is located on his property. He has sued for possession and the surveyors have been asked to decide who owns the property, or at least, find the boundary line. It will require about three days.

## SALOONS MAY CLOSE FIRST OF THE YEAR

BUSINESS IS NOT PROVING PROFITABLE FOR MANY AND THEY WILL NOT APPLY FOR LICENSE FOR 1905.

There are several saloons. It is said, that will discontinue business after the first of the year. Just why this is so cannot be stated, but it is presumed that the business is not proving as profitable as some of the dramsop keepers could wish for and in consequence they will not make application for a renewal of license on the first of the year.

It is a well known fact that few all-night saloons are profitable, but many continue to keep their places open because a certain class of trade that draws well in the day time demands it.

## RAILROAD NEWS

## Will "Pass Up" Cairo.

A well known railroad man predicted yesterday that within two years there would not be an Illinois Central passenger crew stopping in Cairo. He believed the company would run such a thing be done it will rob Cairo of the patronage of between sixty and seventy-five men, some of whom have their families here.

## Conductor Leaves Fortune.

The body of C. H. Hurd, the veteran conductor of the Illinois Central railroad who was found dead in his room at the Lindell hotel Wednesday at St. Louis, Mo., was shipped to Chicago, Ill., Thursday night, accompanied by a coterie of fellow railroad men.

Mr. Hurd was said to be one of the wealthiest conductors in this country. He had an estate in Chicago valued at many thousands of dollars. He was in the service of the Illinois Central for thirty-five years. He used to go to his train in a carriage and always stopped at the best hotels. He boarded at the Planters' until the World's fair rush began. He was a thirty-second degree Mason.

To Discontinue Trains. Removing Illinois Central trains No. 8 and No. 25, a fuller account of which will be found elsewhere, will be a sore blow to some of the men who will be forced to return to their old jobs. Mobile and Ohio trains No. 5 and 6 will also be removed Dec. 1.

## Marahan Was Here.

General Manager J. T. Marahan of the Illinois Central was in Cairo yesterday for a short time. His private car was attached to train No. 8 which is due here about afternoon.

## CAIRO OPERA HOUSE

CAIRO, ILLINOIS.

Cairo, Ill., November 21, 1904.

The Bulletin Co.,

Gentlemen:—We find the Bulletin to be the best advertising medium Cairo has ever had, covering the field fully and giving such satisfactory results that we wish to express our appreciation and advise those reaching out after business to use your columns. Advertising in the Bulletin pays.

Yours truly,

D. L. Williamson

Manager.

## Automatic Compass.

M. Helt, a French inventor, has recently patented a compass which automatically registers minute by minute. The compass card is fixed on a steel pivot, which rests on a fixed agate, instead of having at its center an agate resting on a fixed steel point. The fixed agate is immersed in a drop of mercury, which serves as a conductor for the electric current that causes the movements of registering.

Grave Unable to Swim. The giraffe is the only animal which is unable to swim. This is on account of its long neck. Every other animal can, if put to it, manage to keep itself afloat.

They Know Better. Very few men, although they talk so much about wanting to live again the happy days of childhood, would put in much of the time eating green apples.

## Popular Taste Changed.

Two generations ago an author could not make his heroine successful without constantly calling the slenderness of her waist to the attention of the reader. For certain small merces let us be duly thankful. The eighteen-inch waist is no longer the basic motif of the popular novel.

## An Easy Task.

Nextdoor—That new cook of yours is certainly a handsome woman. Neighbors—You bet she is. Why, all she has to do is to smile at the potatoes and they are mashed.
